PUBLIC TELEPHONE SERVICE (Cont'd)

The Company provides Access Line Service for the provision of Public Telephone Service to Payphone Services Providers ("PSPs") including the non-regulated operations of the Company.

G.1 General

1. Access Line Service for PSP Public Telephones is an exchange line provided at the request of a subscriber for telecommunications use by the general public.
2. Access Line Service is provided on a flat-rate basis.
3. Access Line Service is provided for use with PSP provided coin or non-coin operated Public Telephones.
4. Third number and collect calls to Access Line Service for PSP Public Telephones are not allowed.
5. PSP Public Telephones must be connected to the Company network in compliance with Part 68 of FCC Rules and Regulations.
6. Access Line Service is provided subject to the condition that all applicable regulations in this Tariff will be adhered to.
7. Access Line Service is provided for use by the subscriber but may be used by others when so authorized by the subscriber, provided that all such usage is subject to the provisions of this Tariff.
8. Access Line Service is not subject to concessions.
9. Access Line Service may not be suspended at a reduced rate.

PUBLIC TELEPHONE SERVICE (Cont'd)

G.1 General (Cont'd)

22. PSP Public Telephones shall be mounted in accordance with federal height regulations for disabled persons.
23. PSPs that provide access to long-distance service shall offer access to all certified long-distance carriers through 1-700, 1-800, 1-950, or 101XXX dialing.
24. PSPs shall offer toll-free access to 800/888 numbers.
25. PSP Public Telephones shall not be connected behind a PBX.
26. The multi-line business subscriber line charge, found in the interstate access tariff, is applicable to all Public Telephone access lines.

PUBLIC TELEPHONE SERVICE (Cont'd)

G.2 Service Options

At the request of the subscriber, certain options may be added to the access line for Public Telephone Service and will be billed at the approved tariff rate. All options must be compatible with the hardware and software in use by the existing Telephone Company switching equipment.

G.2.1 Coin Supervision Additive Service

The Company will provide Coin Supervision Additive Service to PSPs who order Access Line Service for the provision of Public Telephone Service and where the Public Telephone equipment connected to the Access Line Service requires central office coin supervision capability.

Coin Supervision Additive Service provides the capability of central office line equipment to pass signals and/or tones from the Access line Service to a trunk terminating at the PSPs operator service provider. These signals enable an operator service provider to recognize coin deposits and return coins to the Public Telephone user. Coin Supervision Additive Service also permits a suitable equipped operator service provider to automatically ring back the originating access line upon completion of a call.

This option requires a special central office line card that differs from the standard access line card and will be provided where facilities exist.

G.2.2 Public Telephone Screening/Blocking

Screening/Blocking for Public Telephone access lines includes Company provided services necessary to coordinate with operator connections or block subscribers from making specific types of calls. This service includes software translations done at the Company's facilities and also includes coordination between the Company and connecting Company databases.

FOREIGN EXCHANGE (FX) SERVICES (Cont'd)

H.1 Definition

Foreign exchange service is exchange service furnished to a customer from an exchange other than the one from which he would normally be served.

H.2 Regulations

1. Foreign exchange service is not in accord with the general plan of furnishing telephone service and such service is furnished only under special conditions where warranted by the circumstances involved and is subject to facility availability.
2. The service is furnished in connection with individual line main station or private branch exchange service only.
3. The service is furnished subject to the same conditions and restrictions regarding the use of the service by users other than the customer and customer-authorized representatives that apply in connection with other classes of service.
4. Requests for foreign exchange service must be placed with the company serving the exchange from which the customer would normally receive service.
5. Subscribers to Foreign Exchange Service must have service from the exchange from which they would be normally served.
6. Other services, equipment or facilities used in connection with Foreign Exchange Service, except as otherwise indicated in this Tariff, are furnished subject to the rates and regulations applying in the foreign exchange from which the subscriber is served.

FOREIGN EXCHANGE (FX) SERVICES (Cont'd)

H.2 Regulations (Cont'd)

7. Miscellaneous service, equipment and facilities used in conjunction with foreign exchange service are furnished subject to the rates and regulations applying in the foreign exchange from which the customer is served. This includes, but is not limited to, service connection, move, and change charges.
8. Foreign exchange service requires a minimum usage of six months.
9. All foreign exchange services are provided using existing central office and distribution facilities. Connection to the foreign exchange will be on a central office to central office route; the Company will not provision foreign exchange services by the extension of distribution plant across exchange boundaries.
10. When the foreign exchange from which service is requested has more than one exchange and/or central office in its Local Calling Area, the Company shall determine from which of the exchanges and central offices service will be furnished. If an applicant wishes operation from a different central office and facilities are available in that office, foreign central office or foreign exchange mileage charges will apply for the channel required between the principal central office and the central office from which the applicant wishes to be served. When two or more companies are involved in furnishing the service, such determination may be made only with the consent of the company that operates the exchange from which the service will be furnished.

FOREIGN EXCHANGE (FX) SERVICES (Cont'd)

H.2 Regulations (Cont'd)

11. In accordance with PSC Order dated 02/21/81, Administrative Case 218, the Company will no longer provide or permit Foreign Exchange Service by extension of local exchange facilities "cross-boundary." Customers who presently have Foreign Exchange service under these arrangements are "grandfathered" only at their existing premise. The Company will deny re-establishing this form of Foreign Exchange if the customer discontinues services, or relocated service to another premise. "Grandfathered" Foreign Exchange customers will be charged Foreign Exchange mileage from the customer's location to the point of connection with the serving company.
12. Installation charges for Foreign Exchange service are in addition to service charges in Section D.

F. Thomas Rowland, Executive Vice President / General Manager

FOREIGN EXCHANGE (FX) SERVICES (Cont'd)

H.3 Rate Application

1. The rate for Foreign Exchange Service is the installation and monthly rate for Exchange Access (below) plus mileage and installation charges.
2. Interexchange Channel - Each exchange has a Rate Center. Charges are based on the airline distance between Rate Centers.
3. Interoffice Channel - When Foreign Exchange Service is provided to or from a Wire Center that is not the primary Wire Center, interoffice mileage charges apply. Charges are based on the airline distance between the primary Wire Center and the Wire Center of the serving central office.
4. The local service area of and long distance rates to and from main stations or PBX systems connected for Foreign Exchange Service are the same as regularly apply to stations located in the foreign exchange area.
5. Foreign Exchange Service may be furnished involving two areas of the Company or involving an area of the Company and an area of a connecting company when the connecting company is willing to concur in arrangements for furnishing such service as described in this Tariff. In those cases where a portion of the service is furnished by a connecting company the rates and regulations of the connecting company apply to the part of the exchange service it furnishes. If the connecting company furnishes a portion of the inter-exchange facilities one of the following will apply:

- i. If the connecting company concurs in the interexchange rates and regulations of this Company, the mileage measurement and mileage charges will be as specified in this section.
- ii. If the connecting company does not concur with this tariff, the connecting company will apply its tariff mileage charges to the point of connection with facilities of this Company. The portion of the facilities furnished by this Company will be at the rates and mileage measurements specified in this section of the same point of connection, the total charges being the sum of the charges of each company.

H.4 Rates and Charges

H.4.1 Mileage Charges

When an applicant located in an area normally served by the Company requests local exchange service through an exchange served by another company, a charge will apply between the territory boundary of the two exchanges to this Company's central office. In addition, applicable local service rate at this Company's central office also apply.

All charges made by the other Company for the use of its line and facilities, plus \$1.00 per quarter mile measured by airline mile or a fraction thereof, will apply in addition to other charges described elsewhere in this tariff.

H.4.2 Channel Charges

Interexchange Channel including the channel terminals (served by the company), per channel.

	<u>Installation Charge</u>	<u>Monthly Charge</u>
- First mile	\$ 0.00	\$ 6.00
- Each additional mile or fraction thereof	\$ 0.00	\$ 4.00

MISCELLANEOUS SERVICES (Cont'd)

K.1 Calling Service Features

Calling Service Features are a family of incoming and outgoing management services offered in addition to basic telephone service that allow business and residential subscribers to access, screen, redirect or return selected calls.

K.1.1 Feature Description

1. Call Waiting - alerts the Customer to an incoming call while the line is in use. The service signals the Customer with two separate tones or tone patterns. The Customer is able to place the first party on hold while he/she takes the second call. The Customer can switch back and forth between the two parties by flashing the switch hook.
2. Call Forwarding Variable - allows subscribers to redirect all incoming calls to another telephone number. This service uses a courtesy call so the Customer can notify the party at the "forward to number" that calls are going to be redirected to their number.
3. Call Forwarding Busy Line - automatically redirects incoming calls to a pre-designated telephone number when the customer's line is busy. The customer must designate the destination number at the time the order for service is placed. Changes to the destination require a service order.
4. Call Forwarding Don't Answer - automatically redirects incoming calls to a pre-designated telephone number or to a voice mail (First Line) service when the Customer's line is not answered within a specified amount of time. The customer must designate the destination number and forwarding interval at the time the order for service is placed.

Requests for changes in the forwarding interval placed within thirty days of service installation will be completed at no charge.

5. Remote Activation of Call Forwarding - allows the Customer to activate or deactivate Call Forwarding Variable from a telephone other than the one to which the service is assigned.

MISCELLANEOUS SERVICES (Cont'd)

K.1 Calling Service Features (Cont'd)

K.1.1 Feature Description (Cont'd)

6. Call Forwarding Ring Control - allows the customer to alter the number of rings or cycle before a call is forwarded to the number specified to the customer when placing the service order.
7. Call Forward Deluxe - Combines the service capabilities of Call Forwarding - Variable, Call Forward - Don't Answer, Call Forward - Busy Line, and Remote Access to Call Forwarding.
8. Speed Calling 30 - provides for the calling of a 7 or 10 digit telephone number by the dialing of an abbreviated code. Up to 30 codes can be assigned.
9. Three Way Calling - allows a Customer to place an existing service while a second call is dialed and added to the connection creating a conference call with two other parties at different numbers. Toll points may be connected on these arrangements. Normal transmission performance cannot be assured on all calls.
PENDING SERVICE COMMISSION OF KENTUCKY EFFECTIVE SEP 01 1999
10. Re-Ring Busy - Allows callers encountering a busy signal to be notified upon request when the called station becomes idle through a special ringing. The call can then be placed to the called line automatically in a ring again mode.
PURSUANT TO 807 KAR 5.011, SECTION 9(1) BY: Sharon Bull SECRETARY OF THE COMMISSION
11. Cancel Call Waiting - allows the Customer to cancel the Call Waiting feature on an in-bound call on a per call basis. This can be done before the Customer places a call or during a conversation (if the Customer also subscribes to Three Way Calling).
12. Personal Ring - permits two telephone numbers to be assigned to a single party line. Notification of the number called is through a distinctive ring pattern.

Issue Date: August 1, 1999

Effective Date: September 1, 1999

Issued By: F. Thomas Rowland
F. Thomas Rowland, Executive Vice President / General Manager

MISCELLANEOUS SERVICES (Cont'd)

K.1 Calling Service Features (Cont'd)

K.1.1 Feature Description (Cont'd)

13. Call Redial – an outgoing call management feature that automatically redials the telephone number of the last outgoing call. The system will attempt to monitor the called line(s) for up to 30 minutes. When both stations are idle, the switch will notify the subscriber with a distinctive ringing tone. The feature activation can be cancelled by the customer when desired.
14. Caller I.D. - displays the number of the calling party on a special display telephone or display unit. Number delivery will occur between the first and second rings.

Use of this service requires a customer premise display unit or telephone.

15. Customer Originated Trace (COT) – permits the subscriber of the service to initiate an automatic trace of the last call received. This information is forwarded to a predetermined location and will not be shared with the subscriber. Disclosure of COT information will only be provided to the appropriate law enforcement agencies when duly authorized to receive such information.
16. Automatic Recall (AR) - allows Customer to receive notice of the number of the last incoming call and at the subscriber's option, automatically return that call (whether the call was answered or missed).

K.1.1 Feature Description (Cont'd)

17. Remote Call Forwarding - automatically redirects all incoming calls to a Customer's number to a pre-designated number.
18. Selective Distinctive Ringing / Call Waiting - provides a distinctive ring pattern and call waiting tone, if applicable, to the subscriber for up to thirty-two specific calling telephone numbers.
19. Selective Call Forwarding - allows the customer to transfer calls from up to thirty-two calling numbers to a specified forwarding number. Calls from lines not in the subscriber list (or of unknown origination) will not be forwarded.
20. Selective Call Acceptance - allows the customer to accept calls from a list of up to thirty-two calling numbers. Callers not on the list (or of unknown origination) will be routed to a recording that the caller is not accepting calls and the call will be rejected.
21. Selective Call Block - allows the customer to prevent incoming calls from up to thirty-two calling numbers. Callers will receive a recording indicating the line is blocked. Selective Call Block takes priority over Selective Call Forwarding.
22. Calling Name and Number Delivery - displays the name and number of the calling party on a special display telephone or display unit. In addition to the caller's telephone number, the first 15 digits of the calling subscriber's first name will also appear.

MISCELLANEOUS SERVICES (Cont'd)

K.1 Calling Service Features (Cont'd)

K.1.1 Feature Description (Cont'd)

23. Calling Name and Calling Number Delivery Blocking (CN/NB) - allows Customer to prevent his/her number from appearing on the called party's Caller ID telephone or display unit. Calls from users with CN/NB activated will appear as "private" in the calling party's display unit.

CN/NB is available on either a per call or per line basis.

Per call blocking of CN/NB is available to all Company subscribers without presubscription. Customers with CNDB/CNAB activated on a per line basis may deactivate that blocking should per call activation be attempted.

Per Line blocking of CN/NB is available only to those customers of non-published listing services and / or the following entities and their employees / volunteers for lines over which the official business of the entity is conducted: a) Non-profit, tax exempt private and public social welfare agencies, and b) federal, state, and local law enforcement agencies.

Use of CN/NB will not prevent disclosure of calling information to E911 services or the serving end office of the calling party. The called party may have the ability to activate ACR, call trace, and call screening capabilities.

24. Anonymous Call Rejection – Allows the subscriber to automatically reject calls from lines which have the calling number information blocked. Anonymous callers will receive a recorded announcement directing them to unblock the line to complete the call.
25. Enhanced Caller I.D. – Displays the number of the calling party on a special display telephone or display unit. Number delivery will occur between the first and second rings. This service requires Caller I.D. service and a customer premise display unit or telephone. This service works in conjunction with call waiting and alerts you to an incoming call while on a call.

K.2 Warm Line Service

K.2.1 General

Warm Line Service provides a customer who has basic exchange line service with a time-delayed automatic dialing capability. If the customer with this service goes off-hook and initiates dialing within the time delay period, their call will proceed normally as dialed. If dialing does not commence within the time delay period (0-30 seconds), a preprogrammed telephone number is automatically dialed. The preprogrammed telephone number and time-delay period are selected by the customer at the time service is established and can be changed only via service order.

K.2.2 Rates and Charges

The rates and charges for this service are in addition to normal service and monthly charges for individual line service found elsewhere in this Tariff.

	<u>Installation</u>	<u>Monthly</u>

MISCELLANEOUS SERVICES (Cont'd)

K.3 Off Premise Line

K.3.1 Definitions

1. Any telephone located more than 250 feet from the premise where the (T) initial telephone is located, and the Company is requested to provide a line, the telephone shall be considered off premise subject to charges in addition to a regular leased telephone.
2. For the purposes of definition, off-premise line is any line extended off-premise by use of service wire or cable pair, but does not interconnect or "bridge" with other cable pairs in the central office.

K.3.2 Regulations

1. May be located on the premise of another customer and restricted to answering incoming calls only provided the other has his own separate service at the same location.
2. Business off-premise line may be provided at residence location of the same customer where residence main stations service is also provided.
3. Residence off-premise lines may be provided at a business location of the same customer where business main station service is also provided.
4. Mileage charge will be based upon the route measurement mileage between locations of the telephones.

K.5 Seasonal and Vacation Service

K.5.1 General

Seasonal and Vacation Service is basic local exchange service temporarily suspended at the request of the subscriber. This service is provided to customers in all the Company's exchanges, except key system, PBX and PABX customers.

K.5.2 Conditions

Seasonal and vacation service will be furnished at the Company's discretion under the following conditions:

1. Service is available to all classes and grades of exchange service where the usage is of a seasonal nature.
2. During the period when the customer is billed at the reduced rate, no installation, moves, changes or maintenance will be provided by the Company.

K.5.3 Rates

1. The monthly rate will be based upon 50% of the customer's total Local Exchange Service, including, but not limited to extensions, and directory listing. Service may be suspended for a minimum of 30 days and a maximum of 90 days.
2. Regular service charges will apply for the suspension and subsequent reconnection of service.

L.1 Regulations

1. Customer-provided terminal equipment or wiring may be used with the facilities furnished by the Company for telecommunications services as provided in this tariff. In all such cases the customer-provided equipment or wiring will be constructed, maintained and operated to work satisfactorily with the facilities of the Company, and to meet all published standards of the Federal Communications Commission (FCC).
2. Subscribers may not disconnect or remove or permit others to disconnect or remove any apparatus installed by the Company, except upon the consent of the Company, with the exception of inside wiring.
3. Where telecommunications service is available under this Tariff for use in connection with customer-provided equipment and wiring, the operating characteristics of such equipment or wiring shall not interfere with any of the service offered by the Company. Such use is subject to the further provision that the customer-provided equipment or wiring does not endanger the safety of the Company's employees or the public; damage, require change in or alteration of, the equipment or other facilities of the Company; interfere with the proper functioning of such equipment or facilities; impair the operation of the Company's service. Upon notice from the Company that the customer-provided equipment or wiring is causing or is likely to cause such hazard to interference, the customer shall make such change as shall be necessary to remove or prevent such hazard or interference. The customer shall be responsible for the payment of Company charge in Section D, "Maintenance of Service Charge," for visits by the Company to the customer's premises where a service difficulty or trouble report results from customer-provided equipment or wiring.

CONNECTIONS WITH CERTAIN FACILITIES AND / OR EQUIPMENT OF OTHERS
(Cont'd)

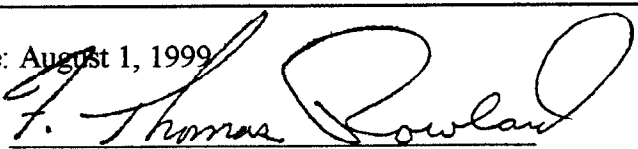

L.1 Regulations (Cont'd)

4. The Company shall not be responsible for the installation, operation or maintenance of any customer-provided communications systems. Telecommunications service is not represented as adapted to the use of customer-provided equipment or systems. When such equipment or facilities are connected to the Company facilities, the Customer is responsible for telecommunications service and the maintenance and operation of customer provided facilities in a manner proper for telecommunications service. Subject to this responsibility, the Company shall not be responsible for (1) the through transmission of signals generated by the customer-provided equipment or systems or for the quality of or defects in, such transmission, or (2) the reception of signals by customer-provided equipment or system.
5. The Company shall not be responsible to the customer if changes in the criteria outlined herein or in any of the facilities or procedures of the Company affect its use or performance.
6. The Company will not be responsible for any loss or damage, nor for any impairment or failure of the service, arising from or connection with the use of facilities of customers and not caused solely by the negligence of the Company.
7. Where any customer-provided equipment or system is used with telecommunications service in violation of any of the provisions in this tariff, the Company will take immediate action as necessary for the protection of its services, and will promptly notify the customer of the violation. Following the receipt of written notice from the Company, the customer shall either discontinue use of the equipment or system or correct the violation. The Customer must provide written confirmation of corrective action to the Company within 10 days of receipt of written notice from the Company. Failure of the customer to take corrective action and provide written confirmation to the Company within the time stated above may result in termination of the customer's service.

CONNECTIONS WITH CERTAIN FACILITIES AND / OR EQUIPMENT OF OTHERS
(Cont'd)

L.2 Network Protection Criteria

To protect the telecommunications network and the services furnished to the general public by the Company from harmful effects, the signal from the customer-provided communications system to the long distance message telecommunications network must comply with the following minimum network protection criteria:

L.2.1 Customer Premises Requirements

Where the customer-provided communications system is connected, the customer-provided communications systems must comply with the following criteria:

1. To prevent excessive noise and crosstalk in the power of the signal at the central office must not exceed 12 db below one milliwatt when averaged over any three-second interval. To permit each customer, independent of distance from the central office, to supply signal power that approximates the 12 db below one milliwatt limit at the central office, the power of the signal which may be applied by the customer-provided equipment located on the customer's location, but in no case shall it exceed one milliwatt.
2. To protect other services the signal that is applied by the customer-provided equipment located on the customer's premises must meet the following limits:
 - a. The power in the band from 3,995 Hertz to 4,005 Hertz shall be at least 18 db below the power of the signal as specified in L.2.1.1.
 - b. The power in the band from 4,000 Hertz to 10,000 Hertz shall not exceed 16 db below one milliwatt.
 - c. The power in the band from 10,000 Hertz to 25,000 Hertz shall not exceed 24 db below one milliwatt.
 - d. The power in the band from 25,000 Hertz to 40,000 Hertz shall not exceed 24 db below one milliwatt.

CONNECTIONS WITH CERTAIN FACILITIES AND / OR EQUIPMENT OF OTHERS
(Cont'd)

L.2 Network Protection Criteria (Cont'd)

L.2.2 Network Control Signaling Output

Where the customer-provided communications system is connected, the customer-provided communications systems must comply with the following criteria:

1. To prevent excessive noise and cross-talk in the network the power of the signal that is applied by the customer-provided equipment located on the customer premises be limited so that the signal power at the output of the network control signaling unit (i.e., at the input of the Company line) does not exceed 9 db below one milliwatt when averaged over any three-second interval.
2. To protect other services the signal that is applied by the customer-provided equipment located on the customer's premises must meet the following limits at the output of the network control signaling unit (i.e., at the input to the Company line):
 - a. The power in the band from 3,995 Hertz to 4,000 Hertz shall be at least 18 db below the power of the signal as specified above in L.2.2 (1).
 - b. The power in the band from 4,000 Hertz to 10,000 Hertz shall not exceed 16 db below one milliwatt.
 - c. The power in the band from 10,000 Hertz to 25,000 Hertz shall not exceed 24 db below one milliwatt.
 - d. The power in the band from 25,000 Hertz to 40,000 Hertz shall not exceed 36 db below one milliwatt.
 - e. The power in the band above 40,000 Hertz shall not exceed 50 db below one milliwatt.

L.3 Customer-Provided Communications Systems

Customer-provided systems may be connected, at a service point of the customer, on a voice grade basis with telecommunications service furnished by the Company, through customer-provided equipment which affects such connections externally to the Company by means of physical connection for transmitting and/or receiving. The customer-provided system shall comply with the minimum network protection criteria contained in Section L.2

L.4 Entrance Facilities

All connections of entrance facilities to customer-provided communications systems shall be made through connecting arrangements approved by the Company. Customer, by use of its own equipment, but only within the normal transmission characteristics of the grade of channel ordered, may not create additional channels from the channels provided for entrance facilities. The charges for entrance facilities and the connecting arrangements will be based on cost as specified in the Tariffs of the Company.

L.5 Connection of Customer-Provided Communications Systems with Instruments Furnished by the Company

The Company does not provide instruments solely for use on customer-provided communications systems.

L.6 Maintenance Service Charge

The customer shall be responsible for the payment of the charges indicated in Section D "Maintenance of Service Charge," for visits by the Company to the customer's premises where a service difficulty or trouble report results from customer-provided equipment or facilities.

PRIVATE LINE SERVICES (Cont'd)

O.1 Concurrence

O.1.1 Intra-Company Circuits

The Company, except as specifically stated herein assents to, adopts, and concurs in the rates, rules, and regulations governing intraLATA Private Line Service as filed by Duo County Telephone in its PSC KY Tariff No. 2B. The Company concurs in this tariff as it now exists, or as may be revised, added to, or supplemented by superceding sheets or issues, for Private Line Service furnished by the issuing utility and concurring utility (including such service as is also participated in by one or more utilities) and hereby makes itself a party thereof. This concurrence is for intra-company circuits only.

The Company reserves the right to cancel and make void this statement of concurrence at any such time as it appears that such cancellation is in the Company's best interest.

O.1.2 Inter-Company Circuits

The Company, except as specifically stated herein assents to, adopts, and concurs in the rates, rules, and regulations governing Private Line Service as with the Kentucky Public Service Commission by Bell South Telephone Company and General Telephone Company. This concurrence is determined on an individual circuit basis as determined by which company (Bell South or GTE) bills the circuit. The Company concurs in these tariffs as they now exist, or as may be revised, added to, or supplemented by superceding sheets or issues, for Private Line Service furnished by the issuing utility and concurring utility (including such service as is also participated in by one or more utilities) and hereby makes itself a party thereof.

The Company reserves the right to cancel and make void this statement of concurrence at any such time as it appears that such cancellation is in the Company's best interest.

OPTIONAL CALLING PLANS (Cont'd)

P.1 Application of Tariff

This tariff applies to optional calling plans presently available to members of the North Central Telephone Cooperative, Inc. or as may be modified or added to at a future date.

P.2 Description of Service

Optional Calling Plans are specifically designed toll plans applicable to intrastate subscriber dialed station-to-station sent paid toll messages placed from the Optional Calling Plan Telephone during the service period to stations in the prescribed terminating exchange, exchanges or area. All other Toll messages will be billed as regular toll messages.

P.3 Concurrence

North Central Telephone Cooperative, Inc. concurs in the Optional Calling Plan rates rules, and regulations governing such communications as filed by BellSouth Telephone Company, together and makes itself a party to such rates and charges until this concurrence is revoked or cancelled by either party. North Central Telephone Cooperative, Inc. hereby expressly reserves the right to cancel this statement of concurrence at any time when it appears that such cancellation is in the best interest of North Central Telephone Cooperative, Inc. subject to the jurisdiction of the Kentucky Public Service Commission as it applies.

In addition to plans offered by the Company through its concurrence pursuant to this Section, the company makes additional calling plans available to its customers meeting conditions specified elsewhere in this Section P.

P.4 Scottsville/South Central Rural Calling Plan

The Scottsville/South Central Rural Calling Plan is an optional calling service available to subscribers in the Company's Scottsville exchange (270-618 and 270-622) that enables customers of the plan to receive toll-free calling to the Fountain Run (270-434), Gamaliel (270-457) and Lucas (270-646) exchanges in exchange for a flat monthly charge.

P.4.1. Regulations and Limitations of Service

1. The regulations set forth herein apply to service and facilities furnished within the State of Kentucky by North Central Telephone Cooperative.
2. The services are provided subject to the availability of trunking facilities and technical limitations and limited to the company's central offices specifically equipped to provide such service and the ongoing availability of settlement procedures between companies serving the affected exchanges.

CATV POLE ATTACHMENTS (Cont'd)

Q.1 Application of Tariff

1. This Tariff contains regulations and charges applicable to the provision of attachment space for cable television facilities on poles of North Central Telephone Cooperative, hereinafter referred to as the "Company."
2. The terms and conditions contained herein apply where the CATV operator, as a customer of the Company, proposes to install coaxial or other types of television distribution cables, amplifiers and drop wires, wires, and appliances together with associated cable messengers, anchors and other appurtenances (hereinafter sometimes collectively called the "equipment") and desires to attach such equipment to poles of the Company.

Q.2 Definitions

1. Poles – All references to "poles" of the Company shall mean poles which are either solely owned by the Company, are jointly owned by the Company and another or are owned by another who has granted the Company exclusive use and control of space upon its poles.
2. Pole Attachment – This term means any attachment by a CATV firm to a pole owned or controlled by the Company.
3. Equipment – The "equipment" referred to herein consist of coaxial or other types of television cables, amplifiers and drop wires, wires and appliances together with associated cable messengers, anchors, and other appurtenances used in the provision of CATV service.
4. Joint User – All references herein to "joint user" shall mean a utility company or municipality which, together with the Company, jointly provides poles for common use in the provision of service of the respective entities, and shall also include a utility company or municipality which, together with the Company, owns a percentage of a pole, or which owns a pole upon which the Company has obtained exclusive use and control of specified space.

F. Thomas Rowland, Executive Vice President / General Manager

CATV POLE ATTACHMENTS (Cont'd)

Q.2 Definitions (Cont'd)

5. Cable Television Company or Operator (CATV) – All references herein to "CATV Company and/or Operator" shall mean a company that provides CATV service.
6. CATV service – All references herein to "CATV service" shall mean the transmission, by means of coaxial or other types of distribution cables, of television audio and video signals from a central point within an exchange of the Company to subscribers of a CATV company within such exchange.

Q.3 Scope

1. Subject to the terms and conditions contained in this tariff, the Company will provide CATV pole attachments and permit a CATV operator, for the purpose of furnishing CATV service, to install its equipment upon the Company's poles.
2. The CATV company shall secure from the proper franchising authority, a franchise to erect and maintain its equipment within public streets, highways and other thoroughfare, provided such franchising authority exists and shall secure any and all consents, permits, licenses, easements or rights-of-way that may be legally required for its operation hereunder. The CATV company shall additionally provide to the Company a map depicting the franchised area in which pole attachments may be applied for by the CATV company.
3. The CATV company shall assist in, and bear the expense of securing any additional consents, permits, or licenses that may be required by the Company because of CATV pole attachments.
4. The franchises, consents, permits, licenses, easements and rights-of-way of the Company are for its own facilities and the provision of its other services. No rights in such franchises, consents, permits, licenses, easements or rights-of-way are conferred upon any CATV company hereunder. EFFECTIVE
5. The Company does not intend to allow anchor attachments or use of its conduits by CATV companies.

CATV POLE ATTACHMENTS (Cont'd)

Q.4 Application for Permission to Install

1. At least forty-five days prior to the time the CATV company desires to attach its equipment to any of the Company's poles, the CATV operator shall make written application on the form prescribed to the Company. The Company shall in turn notify the CATV company in writing of its permission to allow the installation.
2. Where the application for attachment involves joint use poles, the CATV operator shall so indicate in its application, and provide a copy thereof to the joint user. Permission to attach to joint-use poles shall be subject to the Company obtaining approval from the joint user when necessary.
3. Upon notification by the Company of its permission for pole space to be used by the CATV company, the CATV company shall have the right, subject to the specifications contained herein, to install, maintain and use its equipment described in its application, upon the poles identified in its application.
4. Where costs are involved in the rearrangement of the Company's facilities to accommodate the CATV company's equipment, the Company shall notify the CATV company, in writing, of the changes and rearrangements required and the cost of performing such. Approval of the application by the Company is subject to receiving authorization from the CATV company to make changes and rearrangements detailed by the Company, at the CATV company's sole expense.

Q.5 Attachment Specifications

The CATV company, at its own cost and expense, shall construct, maintain and ~~replace its~~ attachments on the Company's poles in accordance with the following: ~~BY: Stephan B. B.~~ PURSUANT TO 807 KAR 50.11,

1. Such requirements and specifications as the Company shall prescribe and have on file with the Commission; and
2. EEI Publication M12 entitled "Specifications for the Construction and Maintenance of Jointly-used Wood Pole Lines Carrying Supply and Communication Circuits"; and
3. the requirements and specifications of the National Electrical Safety Code, 1981 Edition, and any amendments or revisions of said specifications or code; and
4. in compliance with any rules or orders now in effect or that hereafter may be issued by the Public Service Commission of Kentucky or other authority having jurisdiction. The CATV company shall comply, at its sole risk and expense, with changes and revisions in the above specifications and requirements.

Issued By:

F. Thomas Rowland, Executive Vice President / General Manager

CATV POLE ATTACHMENTS (Cont'd)

Q.6 Installation and Maintenance of CATV Equipment

1. The exact location of the CATV company's attachments on poles shall be determined by the Company in its sole discretion after a joint survey to be made, at such times as shall be mutually agreed upon, by representatives of the telephone company and the CATV company. The Company may make periodic inspections as conditions may warrant. Such inspections shall not operate to relieve the CATV company of any responsibility, obligation, or liability assumed under this Tariff. When sub-standard installations are found that are created by the CATV operator, the Company shall give notice of such to the CATV company, and the CATV company shall remedy such conditions within a reasonable time as directed by the Company. In the event the CATV company fails to remedy the condition within the time prescribed, the Company may act to remedy it with the cost of such to be paid by the CATV company.
2. Where reasonable cause exists, the Company, with concurrence from the CATV company, may make the attachment or replacement of the CATV's equipment to Company poles. In such cases, the CATV company will furnish all such materials and equipment, and will reimburse the Company for the entire installation costs incurred. The CATV company shall deposit with the Company prior to such installation, sufficient sums estimated by the Company to be adequate to reimburse it for such work.

Q.6 Installation and Maintenance of CATV Equipment (Cont'd)

3. Where the CATV company's equipment can be accommodated on Company poles by rearranging or changing the Company's facilities, the CATV company shall pay the Company in advance the cost of making such rearrangements or changes. Strengthening of poles (guying) required to accommodate the attachments of the CATV company and the bonding of the CATV's strand to that of the Company shall be performed by the CATV company at its sole risk and expense. Such work may be performed by the Company with concurrence of the CATV company, and the CATV company shall pay the Company in advance the cost of all such work.
4. After initial attachment, when the Company subsequently requires a change in its poles, attachments thereto for reasons unrelated to CATV operations, the CATV company shall be given at least 48 hours advance notice of the changes required and sufficient time to accomplish the CATV related change. If the CATV operator is unable or unwilling to meet the Company's time schedule for changes in attachments, the Company may do the work and charge the CATV company its reasonable costs for performing the change of CATV equipment. In cases of emergency, the Company may, at the CATV company's sole expense, arrange to relocate or replace the facilities attached to Company poles by the CATV operator, transfer them to substituted poles or perform any other work in connection with said facilities that may be required in the maintenance, replacement, removal, or relocation of said poles the facilities thereon or the equipment which may be placed thereon.
5. All required maintenance of CATV equipment shall be performed by the CATV operator.
6. All tree trimming required on account of CATV company equipment shall be done by the CATV operator at its sole risk and expense and in a manner satisfactory to the Company.

CATV POLE ATTACHMENTS (Cont'd)

Q.6 Installation and Maintenance of CATV Equipment (Cont'd)

7. The CATV company shall, at its sole risk and expense, maintain all of its equipment on Company poles in safe condition and in thorough repair.
8. Nothing herein contained shall give to the CATV company the right to replace a crossarm on any Company pole. If a crossarm is required to accommodate the facilities of the CATV company, the CATV company shall state the reasons in the application for attachment.
9. The CATV company shall not at any time make any additions to or changes in, the location of its attachments on poles without the prior written consent of the Company, except in cases of emergency when oral permission has been obtained from the Company and subsequently confirmed in writing.
10. If the CATV company should require the location of its equipment upon any public thoroughfare or other public or private property in the conduct of its business and the Company does not have pole facilities so located to fulfill CATV requirements and has no immediate need for such for the Company's own use, the Company will notify the CATV operator whether the Company is willing to place such pole facilities. Special rental charges specified herein shall not apply. The special rental charges shall be based upon the total use of the pole facilities by the CATV company. In the event such pole facilities are subsequently used by the Company for the provision of its other services, the special rental charges shall no longer apply, and the rental charges specified in this Tariff shall apply.
11. Whenever, pursuant to this Tariff, the CATV company shall be required to remove its equipment from any pole, such removal shall be made within thirty (30) days following the notice given by the Company to the CATV, except as otherwise specifically provided. Upon failure of the CATV company to remove such equipment within (30) days or as otherwise required, the Company may remove them and charge the CATV company all costs associated with such removal.

CATV POLE ATTACHMENTS (Cont'd)

Q.7 Cost of Pole Replacements

1. Whenever the CATV company applies for permission to attach to a pole that is considered by the telephone company to be insufficient in height or strength for accommodation of CATV attachments, the Company shall notify the CATV operator of such fact and of the estimated cost to the CATV company of replacing such pole with a pole which will accommodate the attachments of the CATV company and the telephone company. Within thirty (30) days of such notification, the CATV company shall either notify the Company (1) of its approval of such replacement or (2) of its cancellation of the application with respect to such pole.
2. In the event of CATV's approval of such replacement, the company shall replace the pole and the CATV operator shall pay to the Company in advance the charges computed as follows:

The total cost of the new pole, the removal of the old pole, the transferring of the company's attachments from the old to the new pole and such other costs, if any, necessitated by CATV requirements, less the total of the following: accrued depreciation on the old pole, salvage, if any, and the cost of such portion of the new pole, which represents space reserved for the use of the Company greater than that provided for them on the old pole and appropriate contribution by any other company attached thereto.

Q.8 Rights Of Way And Legal Authority

1. Upon application for attachment, the CATV company shall submit evidence satisfactory to the Company of its authority to erect and maintain its equipment within public streets, highways, and other thoroughfares and shall secure any necessary franchise, license, permit, consent, easement or rights-of-way from Federal, State or Municipal authorities or owners of property now or hereafter required to construct and maintain such equipment at the location of facilities of the Company which it desires to use. In the event any such franchise, license, permit, consent, easement or right-of-way is revoked or is thereafter denied to the CATV company for any reason, permission to attach to Company poles so affected shall immediately terminate, the CATV company shall forthwith remove its equipment from Company facilities.
2. Upon notice from the Company to the CATV company that the removal or cessation of the use of any pole has been requested or directed by Federal, State, or Municipal authorities, or property owners, permission to attach to such pole shall immediately terminate and the CATV company shall forthwith remove its equipment therefrom.

Q.9 Protection Against Claims From Libel and Slander, Copyright and Patent Infringement

The CATV company shall indemnify, protect, and hold harmless the Company from and against any and all claims for libel and slander, copyright, and/or patent infringement arising by reason of attachment of CATV equipment to Company poles pursuant to this Tariff.

Q.10 Limitations

1. No use, however extended, of the Company's poles under this tariff shall create or vest in the CATV company any ownership or property right in said poles. Nothing herein contained shall be construed to compel the Company to maintain any of its facilities for a period longer than that demanded by its other service requirements.
2. The Company reserves to itself, its successors and assigns the right to maintain its poles and to locate and operate its facilities in such manner as will best enable it to fulfill its other public service requirements. The Company shall not be liable to the CATV company for any interruption to the service of the CATV company or for any interference with the operation of the equipment of the CATV company, if such interruptions are beyond the control of the Company.
3. The Company reserves the right to provide pole attachment to more than one CATV company and to make such space available to other entities. This tariff shall not limit the rights and privileges previously granted to others to use any poles covered by this tariff, and the privileges provided by this tariff shall at all times be subject to such previously granted rights.
4. Failure to enforce or insist upon compliance with any of the terms or conditions of this tariff shall not constitute a general waiver or relinquishment of any such terms or conditions, but the same shall be and remain at all times in effect.
5. In order to assure confident coverage of the indemnity and insurance requirements, the CATV company shall not assign, transfer or sublet any rights to make pole attachments hereunder without notification to the Company.

Q.11 Indemnity and Insurance

1. Except for cases of negligence on the part of the Company and other joint users, the CATV company shall indemnify, protect, and hold harmless the Company and other joint-users of said poles from and against any and all loss, costs, claims, demands, damage and/or expense arising out of any demand, claim, suit or judgement for damages to property and injury to or death of persons, including the officers, agents and employees of the CATV company, the Company and any joint-user, including payment made under any Workmen's Compensation Law or under any plan for employees' disability and death benefits which may arise out of or be caused by the installation, maintenance, presence, use or removal of said equipment or by the proximity of CATV equipment to the cables, wires, apparatus and appliances of the Company or any joint user, or arising out of any act, omission or negligence or alleged act, omission or negligence of the CATV operator or the joint negligence of the CATV operator and the Company and /or any joint users.
2. The CATV company shall maintain in full force and effect the following insurance policies or bond in lieu thereof providing an equivalent protection:
 - (a) Workers' Compensation and Occupational Disease covering the CATV company's full liability under the Worker's Compensation Laws of the Commonwealth of Kentucky. This shall include Employer's Liability insurance in the amount of 100,000.
 - (b) Comprehensive General Liability insurance, in the amounts of \$1,000,000 Combined Single Limits or \$1,000,000 each occurrence, and 1,000,000 aggregate for any accident resulting in bodily injuries to or the death of one or more persons ~~public service consequential~~ damages arising therefrom together with Property Damage Liability in the amount of \$500,000 each occurrence, with an aggregate total limit of \$500,000.

Q.11 Indemnity and Insurance (Cont'd)

3. All policies of insurance shall contain written endorsements to the effect that the amount of coverage of the insurance provided thereby will not be reduced or terminated without thirty (30) days written notice first being given to the Company. Certificates of insurance, incorporating the above described endorsement, shall be delivered to a designated officer of the Company and shall be approved by the Company before the CATV firm is permitted to perform any work authorized pursuant to this tariff. Failure of the CATV company to provide notice of renewals, changes in carrier, or a reduction in or termination of insurance coverage will be just cause for the Company to terminate the CATV company's right to continue its pole attachments. If renewal premiums are not paid by the CATV company prior to said 30-day notice, the Company shall have the right to pay said premiums and be reimbursed by the CATV company upon demand.
4. The CATV operator shall promptly notify the Company of all claims and potential claims relating to damage to property or death of persons arising or alleged to have arisen in any manner by or associated with, directly or indirectly, the presence or use of the CATV company's equipment upon any facility of the Company.
5. The CATV company shall exercise special precautions to avoid damage to facilities of the Company on said poles and hereby assumes all responsibility for any and all loss for such damage. The CATV company shall make an immediate report to the telephone company of the occurrence of any such damage and shall reimburse the Company for the expense incurred in making repairs necessitated thereby.

Q.12 Surety

The CATV company shall furnish a bond for each individual CATV system utilizing pole attachments under this tariff to guarantee the payment of any sum which may become due to the Company for rental, penalty, and make-ready charges and work performed by the Company, pursuant to this tariff, for the benefit of the CATV company or as a result of default or forfeiture by the CATV company. The amount of such bond shall be based upon the following:

- (1) For attachments to 500 poles or less, a bond of \$5,000 shall be furnished, except as provided in (3) below.
- (2) For attachments to poles in excess of 500, further surety in the amount of \$5,000 for each additional 500 poles, or any increment thereof, shall be furnished except as provided in (3) below.
- (3) After one year following the completion of construction of an individual CATV system and its placement into operation, the CATV operator may request that the required amount of bond be reduced. Upon the Company's receipt of satisfactory evidence that all mechanics, workmen, and material men who furnished services, labor or materials in the construction of such CATV system, and all taxing authorities, have been paid all amount due them, the Company will reduce the amount of bond required to the following:
 - (a) For attachments to 500 poles or less, a bond of \$2,000 shall be furnished.
 - (b) For attachments to poles in excess of 500, further surety in the amount of \$2,000 for each 500 poles, or any increment thereof, shall be furnished.

Q.13 Payment of Bills

All amounts payable by the CATV company to the Company under the provision of this tariff shall, unless otherwise specified, be payable within thirty (30) days after presentation of bills. Non-payment of any such amount when due shall constitute grounds for termination of the pole attachment usage rights under this tariff.

Q.14 Termination of Attachments

1. If the CATV company shall fail to comply with any of the provisions of this tariff, including compliance with the specifications previously referred to, the maintenance of required insurance coverage and surety bond requirements, and the timely payment of any amounts due, and shall fail for thirty (30) days after written notice from the Company to correct such non-compliance, the Company, at its option, may terminate the CATV company's right to continue any or all use of poles provided under this Tariff and may act to remove the CATV equipment at the CATV company's sole risk and expense. The Company shall be responsible for its own negligence in the event such action becomes necessary.
2. Upon valid objection being made by or on behalf of any governmental authority properly asserting jurisdiction, the Company may without notice, or, where circumstances permit, upon five (5) days written notice to the CATV company, terminate the provision of pole attachment space as provided in this tariff.
3. The CATV company may at any time remove its equipment attached to any pole or poles of the Company and shall immediately give the Company written notice of such removal.
